## Career Objective:

---

As a junior web developer with experience in JavaScript and React.js, my career objective is to build a strong foundation in web development and continue to grow as a professional. My goal is to work with a team of experienced developers, learn from them, and contribute towards building innovative solutions for clients. Ultimately, my aim is to become a well-rounded full-stack developer who can handle end-to-end development tasks with ease and proficiency.

## Skills:

---

**Expertise** : HTML | CSS | Bootstrap | Tailwind CSS | JavaScript | React

**Comfortable with** : MongoDB | Firebase | DaisyUI | React Components
